

THE AMERICANS WILL REJOICE.

Buffalo, N. Y., Sept. 10.—It has been decided that there shall be another President's day at the Pan-American. It will be the occasion of thanksgiving. It will be so arranged that by an electric signal cannons will be set booming, bells ringing and whistles blowing all over the United States.

ANXIOUS FOR DUTY. EMMA TO A BITTER FIGHT

President Suggests Preparations for Removal to Washington.

Says He's Getting Stronger.

Orders the Closing of His Home at Canton and Makes Inquiry Concerning Matters of State
—More Encouraging News From the Milburn Home.

Buffalo, Sept. 10.—A bulletin given out at 9.45 o'clock this morning, signed by the corps of physicians, says that the President's condition is eminently satisfactory. If no complication arises, rapid convalescence may be expected. The patient's pulse has dropped from 118 to 104, temperature to 99.6 and respiration to 26.

The President Wanted to Sit Up.

Buffalo, Sept. 10.—At 9:50 a. m. Dr. Rixey said: "The President asked to sit up again this morning. When I demurred he said: 'Oh, I'm stronger, see, I can move easily.' He then gave orders about closing his Canton home, and suggested that we prepare to move him to Washington. He also asked about state affairs. It will not be possible to move him for three weeks."

No Doubt as to McKinley's Recovery.

Buffalo, Sept. 10. (9:10 a. m.)—Dr. Park said today that unless complications arose, which seemed extremely improbable, and unlooked for, the President would soon be on the high road to recovery.

President Will be at His Desk in Six Weeks.

Buffalo, Sept. 10.—Dr. McBurney, of New York, one of the greatest physicians in the world, who was called to McKinley's bedside, said this morning: "The president will be at his desk in six weeks."

President Passed a Very Comfortable Night.

Buffalo, N. Y., Sept. 10.—The following bulletin was issued by the President's surgeons at 6:20 o'clock this morning: "The President has passed the most comfortable night since the attempt on his life. His pulse is 118; temperature 100.4; respiration 28."

R. H. RIXEY.
ROSWELL PARK.

INDIANA DAY

Will be Observed Since the President is Improving.

Special by wire to Times-Democrat.
Indianapolis, Sept. 10.—Governor Dubin today reconsidered his action of yesterday by which Indiana Day at Buffalo exposition was abandoned. The day will be celebrated Saturday. Final action was taken after Senator Fairbanks had urged that there would be no indecision, owing to the President's improved condition.

SENATOR HANNA

Leaves the Milburn Home and Starts for the G. A. R. Reunion.

Special by wire to Times-Democrat.
Buffalo, Sept. 10.—At 10:20 o'clock, Elmer Dover, secretary to Senator Mark Hanna, came out of the Milburn residence and announced that the senator will leave for Cleveland at 2 o'clock this afternoon to attend the G. A. R. encampment. He will return Friday morning at 10:25. Abner McKinley, Mrs. Herman Baer and Canton relatives and friends of the president have arrived at the hotel.

NOTHING

Was in the President's Clothing to Disclose His Identity

Special by wire to Times-Democrat.
Buffalo, Sept. 10.—In the clothing of the president returned from the emergency hospital were the following articles: \$150 in coin, a silver pocket watch, a small pocket square, a silver case containing \$5 in coins, a silver spoon and pencil, three short cut nails, not the kind he smokes, two of them slightly bent in open view, a gold watch and a gold watch chain and a bow tie to his identity.

DANGER LIMIT

Is Placed at One Week by the President's Physicians

Buffalo, Sept. 10.—God's contribution to the American people will be the sparing of the president's life. Dr. G. Milburn, president of the Pan-American exposition, recently uttered these words as he stood before the house in which the nation's patient was resting, so bravely with death. Not an unfavorable symptom has appeared. Every hour has been a victory. Faith in the outcome grows stronger and stronger and hope mounts higher and higher until in the minds of so many the danger of all future complications is brushed aside and hope has become conviction.

Every bulletin every private and public word of the physicians in attendance has been a source of encouragement. The reports of the physicians have given out facts as they exist from a scientific standpoint unimpaired by sentiment. Still the president's life is no more out of danger than the rest of each of them. Not one of them will risk his professional reputation with a statement that the president will live. All they will say is that with every hour the danger of complication from peritonitis or blood poisoning decreases. Dr. McBurney, the most eminent of the physicians in attendance expresses the opinion that if the improvement continues it will be a week or two before the president can be pronounced out of danger and convalescent.

Some of Dr. McBurney's colleagues, like Dr. Mann, place the limit of danger still further away. The fear of peritonitis, it can be said positively, has well nigh disappeared. At the expiration of the 72-hour period danger from that source was almost gone. The president himself has been cheerful all day and has expressed confidence in his recovery. It is with some difficulty that he can be restrained from talking, and Colonel Myron T. Herrick of Cleveland is quoted as authority for the statement that he has spoken at intervals of several things he proposes to do in the future.

The president was given nourishment in the form of eggs beaten in milk and administered through the rectum. The water which has been given heretofore could not appear to agree with him, and very hot water has been taken into the stomach through the mouth with splendid results. His bowels moved freely during the day, and this also was considered an excellent symptom. If he continues to improve it will be gradually if he should grow worse the change in that direction also probably will be slow. This is the opinion of Dr. Mann. There will be no crisis. If he arrives at convalescence, Dr. Park expresses the opinion that it will be three weeks before it will be safe to move him. It is expected that the interior wounds will heal first. The sutures of the lacerated tissue were made so soon after the bullet passed that they are probably healing rapidly. With the exterior wound it is a slower process. The extreme optimism of the vice president and the members of the cabinet would be difficult to overstate. On the streets Mr. Roosevelt has been (Continued on 4th page.)

Goldman Captured in Chicago.

Is Now in Jail

But Claims She Doesn't Know Czolgosz.

She Says There was No Anarchistic Plot to Kill the President

But Chief O'Neill Receives a Letter Which Declares "Blood, Murder and Incendiarism Has Started"

Special by wire to Times-Democrat.
Chicago, Sept. 10.—Emma Goldman, the well known anarchist in connection with the attempted assassination of President McKinley, was arrested here this morning.

In a statement made to the police the Goldman woman says she does not know Czolgosz, that there was no anarchist plot to kill the president, so far as she knows, that Czolgosz acted without instructions from the anarchists and that his act was foolish. She said that McKinley's blood was shed without a good end. She does not believe in bloodshed or assassinations.

ANARCHIST

Says "Blood, Murder and Incendiarism Have Just Started."

Chief of Police O'Neill received the following letter written in German this morning:

It has just started. Czolgosz you have there are many more here in Chicago. Mark Hanna, Pierpont Morgan, and all who are in the trusts. Blood, blood and no nigger to poor anarchist. There are lot of us in Chicago and in the different states. It has just started. Blood, murder, incendiarism. Now you catch us if you can. Emma Goldman is in this city. (Signed) RUTH.
The letter was posted in Chicago at 6 o'clock last night.

SERIOUS

Are the Charges Against Dr. Kraus,

The Ex-Governor of Prussia is in Prison,

With a Second Charge Against Him. Another Being Prepared Accusing Him of Inciting to Murder.

Special by wire to Times-Democrat.
Buffalo, Sept. 10.—Dr. Kraus, the ex-governor of Prussia, when arrested recently on a charge of forwarding information to South Africa, was again remanded today to wait evidence from Pretoria. The public prosecutor said today that the second warrant had been issued against the ex-governor, charging him with inciting murder.

CARNEGIE Is Given the Freedom of Glasgow.

He Eulogizes President McKinley in His Speech

Says He is a Model Man and Says That Since the Days of Lincoln No Man Has So Won the Hearts of Americans.

Special by wire to Times-Democrat.
Glasgow, Sept. 10.—Andrew Carnegie was today granted the freedom of the city of Glasgow and in receiving the honor Carnegie said speaking of the attempt on the life of President McKinley: "Not since Lincoln has a man won the hearts of the Americans as has President McKinley. He is a model man of his race and his attitude toward Great Britain and during the Spanish war is destined to bear even greater fruit. I trust that the union of the English speaking race will lead to the abolition of the existing war methods."

MORAL

And Financial Support of Ohio Miners

Is Asked for the Men in Belmont County Mines,

Where an Attempted Reduction of Twelve Per Cent in Wages Was Recently Attempted by the Operators.

Special by wire to Times-Democrat.
Columbus, Sept. 10.—The executive board of the United Mine Workers of Ohio today issued a circular calling upon all of the union miners of the state to give their financial and moral support to the Belmont miners in Belmont county where an attempted reduction of twelve per cent in wages was made at the mines recently, and the state president Haskins, was ordered off of the company's property.

MRS. SAMPSON

Says Her Husband is on the Road to Recovery.

Special by wire to Times-Democrat.
New York, Sept. 10.—In an interview published today Mrs. Sampson, wife of Admiral Sampson, says that her husband is suffering acute nervous prostration, the direct result of overwork but that he is on the high road to recovery.

Grain and Pork Markets.
Special by wire to Times-Democrat.
Chicago, Sept. 10.—Closing. Dec. wheat 70 3/4, corn 57 1/2, oats 35, Jan. pork 15 50.

The Weather.
Special by wire to Times-Democrat.
Chicago, Sept. 10.—Closing. Dec. cloudy tonight with showers in eastern portion; Wednesday partly cloudy.

Amalgamated Union's Contest With the Steel Trust Settles Down.

McKeesport the Storm Center.

No Effort Made Today to Start Either the Demmler Tin Plate Mill or the National Tube Works.—Peace Terms Rejected.

Special by wire to Times-Democrat.
Pittsburg, Sept. 10.—The Amalgamated contest with the Steel Trust has settled down to a stubborn fight. The Demmler Tin Plate mill and the National Tube Works, at McKeesport are now the storm center. No attempt to start them was made today.

LAST EFFORTS

To Bring the Opposing Forces to Terms of Peace Failed.

Pittsburg, Sept. 10.—The last efforts to settle the steel strike have failed. The general executive board of the Amalgamated Association adjourned without vote and without either accepting any of the peace propositions which have come indirectly from the United States Steel corporation or making any counter proposition according to the official statements. The semi-official report is that the proposition secured for the Amalgamated Association through the intervention of the representatives of the National Civic Federation was unsatisfactory, and that the entire matter of arranging for the settlement was left with President Theodore J. Shaffer. The board in its sessions of three days has been clamoring for a settlement, but satisfactory terms and means were not at hand and the sessions resolved themselves into an informal discussion of the situation.

At the close of the meeting of the national executive board President Shaffer declared that he had no statement to make, but subsequently said: "The board has adjourned. No peace proposition has been received and none made." Still later he added that he or no other member of the board would go to New York to submit a peace proposition. The meeting of the board did not adjourn in high good feeling, yet the members of the board were averse to making statements supplemental to that of President Shaffer.

It was stated by some of the members of the board that the adjournment had left matters practically as they were before the meeting had been called, and that the strike must go on as before, leaving arrangements for a possible settlement through a co-ordinated direct conference between the representatives of the United States Steel corporation and President Shaffer.

Plague in China.
Washington, Sept. 10.—The marine hospital service continues the publication of letters from missionaries and others in China describing the progress of the plague. Rev. Jacob Schilling, Baptist missionary, writing from Kit Yang, says: "The plague made its first appearance at Swatow, about seven years ago, and has since then spread in all directions along the coast and inland. Three years ago the large district city Chan Yang, 10 miles south of Swatow, had a very bad spell. It is said that over 30,000 persons died in that one city. Many villages be-

tween Canton and Ho, 70 miles inland from Swatow have lost one third to one half of their inhabitants. When the plague appeared in Kit Yang I suggested that the cure of every plague house be taken off and rebuilt after six months but the officials would not listen to such a measure."

Glad McKinley Was Shot.
Washington, Sept. 10.—Second Assistant Postmaster General Shallenberger summarily canceled the contract of a mail carrier for expressing satisfaction over the shooting of President McKinley. The name of the person thus dealt with is Charles P. Cortright, and he had a contract for carrying the mail between Homer, Cortland county, N. Y., and Springfield, Onondaga county, the same state. The information concerning his offense came to the postoffice department through the postmaster at Homer, who enclosed affidavits from four citizens of the place confirming his report.

MINUTE BUT MIGHTY.

Trite Telegrams Temporarily Traced on The Tablet of Time.

Dig mines at Dawson robbed of \$3,000 in gold dust.

Czar of Russia and King Edward met at Fredensborg, Denmark. Grand banquet the feature.

John Nelson, 21, Chicago bicyclist who was injured in a race at New York, died of his wounds.

At Huntington, W. Va., John Thompson, 23, suicided because of the attempted assassination of President McKinley.

Otis Green of Albion, Ia., shot and killed his wife at Des Moines. He then sent a bullet through his own head. Jealousy the cause.

Fire swept the business portion of Foo Chow, China, doing damage to the extent of \$1,000,000. Number of people killed while fighting flames.

Policeman Discharged.
Topeka, Kan., Sept. 10.—Mayor Hughes discharged B. B. Beville, a member of the police force, who made uncomplimentary remarks about President McKinley. Beville is quoted as saying the president should die.

Killed by a Posse.
Yazoo City, Miss., Sept. 10.—S. W. Schilling, a young man of this county, was killed by a posse of citizens. Schilling had attempted to rob the express agent at Belzonia, and the agent offering resistance, Schilling shot him in the jaw and left him for dead. The would-be robber fled to the swamps and there was cornered by a posse, and upon resisting arrest was shot and instantly killed.

NEWS

Of the City Across the River.

Mad Dog Scare

Abated by the Work of a Policeman.

Several Dangerous Animals Despatched by Officer Miller.

Gang of Tramps Takes Possession of the Fee Saw Mill and Give the Police Trouble in Being Driven Away.

Since Sunday officer Miller has been engaged in dispatching mad dogs in south Lima. The one he killed Sunday had bitten several others which necessitated their killing. Much excitement has been caused by the mad dogs. Fortunately no one was bitten by them, although there were several narrow escapes. All danger from this cause is now past.

The second week of evangelistic meetings at the south Lima Christian church commenced last night. Rev. Sims preached to a flattering audience on the subject of "Objections and Objectors." The original ideas were novel. All were interested. He is an instructive speaker. Many were affected by his eloquence. His sympathetic nature is attractive. He is accomplishing many gratifying results. At the conclusion of the meetings he will be installed as regular pastor.

Last night Melville Shappell, who has been in the United States service for Fort Sheridan, Ill., returned to his home on south Main street, having been honorably discharged from the service. His return was a pleasant but gratifying surprise to his parents. His many friends are also glad to welcome him home.

Miss Virginia Davis, from Ft. Wayne, Ind., is the guest of Mrs. J. C. Atmar, on south Pine street.

Dr. Bowser, accompanied by his wife returned yesterday from the Pan-American exposition to their home on south Main street.

Mrs. Eva Stater, of St. Johns avenue went to Ada, yesterday for a several days visit with her parents.

John Luderan of Second street, will leave shortly for Buffalo, to attend the Pan-American exposition.

J. Witzler, formerly of Ada, has accepted a position at Van Buren, on south Main street.

Miss Ella Vandervier, of St. Johns avenue, is suffering from a dislocated ankle which was caused by falling from a porch. She will be unable to walk comfortably for some time.

Elmer Welker, with his family, returned to their home on St. Johns avenue last night from a week's visit at Montpelier, Ind.

Mrs. George Gindrey, of McPherson avenue, is entertaining her mother, Mrs. Jacob Roth, from Dayton.

John Middick, residing on St. Johns avenue, has gone to Cleveland, to attend the G. A. R. National Encampment. Reuben White, of south Central avenue is also attending. Another south Lima resident at the encampment is Rev. Mathie, of west Kibby street.

C. M. Wood returned to his south Lima home this morning from a week's stay at Petoskey.

Those in charge of the financial affairs of the corner stone laying of St. Johns church on south Main street are well pleased by Sunday's returns which aggregate about \$500 which will be for the benefit of the new church.

Next Sunday afternoon Rev. Sims, who is conducting evangelistic services at the south Lima church, will speak to the men of Lima, at the Y. M. C. A. auditorium upon the subject of "The Ox to the Slaughter or the Fool to the Stocks."

A gang of tramps have taken possession of the old Fee saw mill. They have terrorized the denizens in that locality. Policemen are endeavoring to expel them. The officers hope to have the gang broken up by tonight.

Little Birdie Luney, while playing on St. Johns avenue, yesterday evening, was stung by some insect. The sting was painful seeming not to yield to treatment. Today her face is frightfully swollen, the pain being almost unendurable.

Attempting to lift a heavy sill while at work yesterday, E. L. Hiner had two of the fingers on his left hand broken by the timber suddenly falling while his hand was caught in a mortise.

Frank DeVoe, of the south Lima fire

department, is taking his annual vacation. He will visit relatives at Cleveland, returning by way of Kenton, where he will make a brief visit.

Charles McQuilty has gone to visit the Pan-American.

Miss Mary Burke has returned from visiting at Toledo.

Miss Mamie Pierce is spending the week at Fiqua.

H. A. Napier is transacting business at Cleveland.

G. H. Hains is home from a business trip to Kenton.

Miss Lulu Guirkey left this afternoon for Toledo, where she will accept a position.

Mrs. Mary Sprecklinger, of south West street, is hostess to her sister, Mrs. O. E. Cjane, from Marion.

Elmer Gramason, who has been visiting in this vicinity the past two weeks, left this afternoon for his home at Elkhart, Ind.

Mrs. Elmer Alliger, of south Jackson street, is home from a visit with her parents at Spencerville.

Water works inspector Lytle, of south Elizabeth street, is the proud father of a bouncing baby boy, which came to his home this morning.

M. Briggs of Kenton, is here transacting business.

Jacob Hoffman is confined to his home on west Vine street by sickness.

Lichty's Celery Nerve Compound.

For all nervous diseases, neuralgia, rheumatism, nervous debility, paralysis, biliousness, dyspepsia, costiveness, piles, liver complaint, kidney troubles and female complaints. It goes to the seat of the disease and cures thoroughly and speedily. Sold by Wm Melville.

LIMA COLLEGE.

The fall term opens Tuesday, September 10. A large number of students have already announced their intention to enter. All departments open. Work thorough. Grades accepted by the universities west and east. For information, apply to Carl Ackerman, New phone 344.

How's This.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props. Toledo, O. We the undersigned, have known F. J. Cheney for the last 16 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by him.

Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price, 50¢ per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

ON SEPTEMBER 8TH TO 12TH, INCLUSIVE.

The Erie R. R. Co. have reduced the rates to the Pan-American exposition. Thirty days ticket \$10.55; 20 days limit, \$8.00, and 15 days limit \$7.15. All good in sleeping cars. Through coaches and sleepers direct both directions, with stop off at Chautauque Lake.

\$5.00 to Petoskey and return via G. R. & I. on the annual excursion.

NOT

A Ripple of Excitement

In the Fields.

Duster List Rather on the Increase

And Dry Holes are Cropping Out in the West Virginia Territory.

Hancock County Shows Up With a Good One in Cass Township. Lucas County Field Has Nothing to Offer.

It seems like nonsense to spend the time to write of oil, or anything else for that matter, while the undivided attention of all the people is given to the great tragedy at Buffalo. Nothing but that is talked about. It would require a Beaumont gusher to change the thought or attention of oil men at this time.

But there is but little to work upon in the way of important news. The new wells that are coming in are very small, as a rule. The reports from the eastern fields compare favorably with those of the west. The duster list is rather on the increase than otherwise.

In Ritchie county, West Virginia, two dry holes are reported on the Volcano coal and oil tract. One is owned by Stiles Bros. and the other by the Red Brush Oil company. In southeastern Ohio a lot of little producers have been brought in, whose combined capacity would not equal the ordinary ten-barrel well, were completed last week. But as these wells are drilled for a trifle of the cost of those of other fields, they are rushed in with great haste.

Old Man Dale's Well.

Old man Dale used to say that he could drill a well from start to finish for the sum of \$50. It was no doubt true in his case. Having a drilling machine, it was moved to the spot with his own team and the hole was run to the proper depth in a day or two. Sometimes the oil was found at 20 feet in the sand, and as the wells flowed, all that was necessary to do was to put a few dollars' worth of casing or tubing into them and he had an oil well. But this kind of operating is not well understood in this country. It requires something more than a hole in the ground. Even after the well is completed the original cost may be duplicated in the water pumping process before oil is obtained. Water wells, however, are the only ones that

seem to render greatest service in this region at the present time.

The case of the Exchange Oil company at Bowling Green may be cited as an instance. The production of the dozen wells on the Langmade lands now ranges between 9 and 18 feet a day. It will be remembered that these are 250 tanks, carrying 30 barrels to the foot. The yield is easily figured out. For months it was looked upon by some of the wise heads of the trade as a forlorn hope. When the case was mentioned there was an ominous shake of the head as much as to say: "It's a dead failure." In this opinion even the land owner himself shared.

The tone is different now. The struggle with water may be of lengthy duration, but there is no case on record where it has not been overcome by untiring effort. It required three years of steady pumping to

Beat the Brine.

on the Royal Mercer farm, in section 11, Liberty township, by I. W. Shirley. But he got there just the same. He is, perhaps, the only individual operator who would have pursued the enemy to the oil rocks is not supplied by the ocean, as some suppose. On the contrary it is entirely indigenous. It is as much an elemental product as oil or gas is, and may, therefore, be found in the upper as well as the lower strata.

Sometimes it is found in the very top of the oil rock and again on the same farm at an extremely low depth only. Sometimes at a thousand feet below sea level the rock is found to be entirely barren of water, and again hundreds of feet above it great quantities may be obtained.

But in the oil fields it is a pretty safe proposition that the salt water oil wells are the most lasting and the best payers when the oil begins to appear.

Lucas County Field.

The Lucas county end of the field is not extending to such a degree as to

excite alarm in the mind of the Buckeye trade. The Williston region, while in a few cases rewarded the operators, yet on the whole the results have not been altogether satisfactory. The well at Genoa on the advance line has proved a failure and the latest effort of the Rocky Ridge people is said to be of a similar type. This would seem to argue that the entire area from the original Ottawa developments to Oak Harbor is not an oil field to be depended upon. It may produce oil in paying quantity in numerous spots, but as a field to invite capital it is not just the thing.

At Waterville they still hope to revive interest in the northern and western extremities of the producing area. There is still a lingering hope that the profitable belt will pass northward of the present limits. Efforts are being made by farmers in that locality to induce oil men to take a hand in the deal and aid in making at least one more test. They may succeed, but operators bite at the bait with their breath quite unexcited.

Good Well in Cass.

It is related by the Courier that an exceptionally good well has been secured by Stevens and others of Findlay, in Cass township, Hancock county. The well was shot on Friday last and started at once to flow at a lively rate. Its yield is estimated at 200 barrels first day. It was not a promising venture till after the shooting. The well had to be shut in to await tankage.

The Steiner Oil company has a well near Bluffton, 102 feet in the sand, which has flowed about ninety barrels in the last few days. The company cased the well Saturday and began pumping.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

DOE WAH JACK

White Smoke from Soft Coal

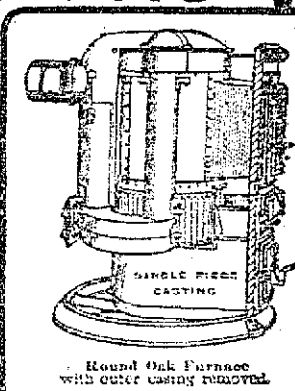

Round Oak Furnaces have large feet doors, burn wood or coal; but whatever they burn give greater heat than any other furnaces, because all the gases and nearly all the smoke is consumed. The smoke is white from a Round Oak Furnace burning soft coal; that means no waste fuel. The principle is not new, but the application to the Round Oak is new—in that no holes are cut through the fire pot.

Round Oak Furnaces

are different from all others in many other things—in solid construction, in reasonableness of price. If you are going to buy a furnace, send for our free furnace book—contains useful information about heating, dimensions, furnace regulation, ventilation, etc.

THE TIMES-DEMOCRAT RECEIVES BY WIRE THE TELEGRAPHIC AND CABLE SERVICE OF THE SCRIPPS-McRAE PRESS ASSOCIATION.

The Republican administration in charge of affairs of this city now coolly contemplates building a new city building in the face of the fact that the city owes a million dollars already. What do the taxpayers of Lima and Allen county think of that for financiering?

The majority of the Republican editors are silent regarding the annexation of Cuba for which certain interests with the connivance of men high at Washington are now scheming, but the editor of the New York Press is an exception. The Press declares that "the annexationist lobby has the germ of a political revolution and a Democratic Presidency in it," and then adds:

"Let this sordid, squalid sugar and tobacco job go through, by which Americans are asked to make themselves a party to the treason of a couple of hundred insolvent planters, and they will mete out to the Republican party the punishment that they have always administered to hypocrisy. They will take the whole expansion policy as a greedy grab of the syndicates, such as the Sugar Trust, lately revealed in the act of acquiring Cuban case plantations, and they will act accordingly."

STEERING

Gear of a Big Passenger Boat
Broke This Morning.Special by wire to Times-Democrat.
Cleveland, Sept. 10.—With the largest crowd she ever carried the Buffalo boat, City of Buffalo, broke her steering gear 12 miles east of Cleveland this morning and was towed back to this port. There was no excitement and no casualties. At first it was rumored she was on fire but the rumor was false.

PAN-AMERICAN BUFFALO.

Erle R. R. only \$7.15 good in sleepers. Fifteen days limit, on sale, Sept. 8th to 12th, inclusive. See agent.

ANXIOUS FOR DUTY.

(Continued from 1st Page.)

the center of respectful attention, but he has met this with dignity and composure. Despite senseless remarks that he was going about guarded by secret service men, he has positively declined to have anything like a guard near him. One of his remarks, in speaking to two laborers who greeted him, struck a popular chord. They had suggested that he might be afraid to be stopped. "No, indeed," he replied. "You men are our protection, and the foul deed of Friday will only make you more vigorous in protecting those whom you elect to office." The vice president will not leave the city until the physicians of the president issue a bulletin or give an opinion that the president will positively recover.

So relieved are Secretary Gage and Attorney General Knox at the steady improvement that they returned to Washington, feeling strongly that their chief would recover, but with the assurance of the physicians that a change for the worse should come it would be gradual and that they would have ample time to return.

Miss McKinley, a sister of the president, Dr. and Mrs. Herman Baer, the latter a niece of the president, and the Misses Barber, nieces of the president, left the house, and taking carriages announced their intention of returning to their homes. Abner McKinley accompanied them to the station and said: "The nearest relatives of the president are so confident of his recovery that they have no hesitation in leaving." Postmaster Freese of Canton, a warm personal friend of the president, who came filled with anxiety, said: "I go back because I

have the most positive assurance that the president is going to make a rapid recovery." The entire temper of everybody about the Milburn residence seemed to have undergone a radical change. The police did not stop wagons from going by the nearest corner at high speed.

PHYSICIANS

Freely Discuss the Condition of Their Patient.

Buffalo, Sept. 10.—Dr. McBurney, one of McKinley's physicians, said: "No bad symptoms have appeared. No one can say now that the president is in any danger and for a week the possibility of complications may exist. At the end of that time, if all goes well, we may be able to say that he is convalescent."

"But I have known a case," put in Dr. Mann, who was with the noted surgeon, "to go well for 10 days and then change for the worse." "That is true," said Dr. McBurney, somewhat deprecatingly, "but it is entirely unusual. If the president continues to improve for a week," he continued, "we may safely say he is a convalescent. It will probably be three weeks before it will be safe to move him. We must wait until the outer wound is healed and strong. The inner wounds through the stomach probably will be strong before the exterior wound is." How long it will be before he will be able to sit up will depend upon the rapidity of his improvement, and I may say to you further that his improvement, if it continues, promises to be rapid."

Dr. McBurney was asked to compare the Garfield case and its treatment with that of President McKinley. He smiled and replied that to do so would be to give the whole history of the progress of surgery during the last 20 years. "Besides, the cases are utterly different. Garfield's wound was an extremely unfortunate one in every way. It was difficult to handle. It was impossible to get all the bullet, while the wound of President McKinley in many respects is a lucky one. No comparison is possible."

Dr. Mann said that the president was not out of danger. He said that some nourishments had been administered in the form of enemata, and he taken water in the stomach. It was found that cold water did not agree with him, and instead water as hot as the president can bear it is now being administered. The president's bowels have moved freely and this is considered an excellent symptom.

Dr. P. M. Rixey, one of the president's attending physicians, and also the private physician of the president and Mrs. McKinley, said regarding the distinguished patient: "I am not a specialist in abdominal surgery, but from general knowledge of gunshot wounds I can say that the only possibility of complication was by blood poisoning or peritonitis, and that I consider this now as a very remote probability. Peritonitis might set in as a result of the two apertures in the stomach, but up to this time, a time beyond the usual standard record, not the slightest symptom is manifest. There is not the slightest evidence of blood poisoning. As to the bullet not yet extracted, I don't believe we need worry about that. The presumption is it is lodged somewhere in the muscles of the back. Pursuing natural courses it would now be encrusted and cut out from possible harm. I see no reason why the president will not recover rapidly."

Dr. Herman Mynter, one of the consulting physicians of President McKinley, said: "I have always made it a point not to prognosticate in serious cases, for you know man proposes and God disposes. I consider the president's case a serious one, and so I don't predict, but I may say that at this stage of the occurrence the condition of the president is remarkably favorable, and personally I can not anticipate anything but recovery." Dr. Eugene Washlin, who was with Dr. Mynter, said: "I too am averse to making predictions, but I agree that

the president's condition is one that favors rapid recovery."

Mass Meeting at Louisville.
Louisville, Sept. 10.—No threat of imperialism in this country can compare with that condition which would make it necessary always to hedge about our highest officials with military protection. But if systematic murder is allowed to stalk unimpeded over our land we shall reach a period when armed guards must surround every official and even be stationed in our courts of justice. These words were the keynote of resolutions adopted at a meeting of 2,000 citizens of Louisville at the auditorium. A demand was made for vigorous laws against anarchists, and deepest sympathy was expressed for President McKinley.

Coat a Clew.

Chicago, Sept. 10.—United States secret service officers in Chicago have come to the conclusion that the attempted assassination of President McKinley was the result of a plot arranged in this city, and have telegraphed Chief Wilkie of the secret service, who is now in Buffalo, asking him to send Gologoss's coat to Chicago immediately. The officers believe the mark on the assassin's coat will prove that it was made by a tailor who lived very near the house of Abraham Isaak, one of the anarchists now being held on a charge of conspiracy.

Jack Chinn Saw Emma.

Frankfort, Ky., Sept. 10.—Colonel Jack Chinn, the Kentucky turkman, says the Chesapeake and Ohio train which arrived here at 6:13 and passed through to Louisville carried a woman passenger believed to be Emma Goldman. She got on the train at Jersey City, and Colonel Chinn says that a male passenger on the train, whose name he will not give, but who has seen Emma Goldman, was positive it was her. The police sent telegrams from here to the police in Louisville, Chicago and St. Louis. The woman suspect, Colonel Chinn says, is undoubtedly a Pole, and that the resemblance to Emma Goldman's pictures was so strong that he is convinced it was her.

Bryan's Sentiments.

Buffalo, Sept. 10.—William J. Bryan telegraphed The Times as follows: "Free governments may be overthrown, but they can not be reformed by those who violate the commandment, 'Thou shalt not kill.' Under a government like ourselves, every wrong can be remedied by laws, and the laws are in the hands of the people themselves. Anarchy can neither be excused nor tolerated here. The man who proposes to right a public wrong by taking the life of a human being makes himself an outlaw and can not consistently appeal to the protection of the government which he repudiates. The punishment administered to would-be assassins and to his co-conspirators, if he has any, should be such as to warn all inclined to anarchy."

PARADE

Of Naval Reserves a Feature
at Cleveland Today.Special by wire to Times-Democrat.
Cleveland, Sept. 10.—There are at least 200,000 visitors here to take part in the C. A. R. festivities today. The big parade of the Naval Reserves is a feature today and the celebration of the anniversary of the Perry Battle of Lake Erie.

LIMA HOSPITAL.

The management of the Lima hospital, have, at great expense, about completed a large addition, giving accommodations for double the number of patients heretofore cared for. This addition will soon be ready for the furnishings and an overhauling of the old building.

The board of lady managers propose to assume not only the expense, but also to provide in every manner possible, all things that will add to the comfort or convenience of the patients. About the first of October we propose holding an old fashioned donation party. We notify you this early, that all kindly disposed persons, while canning fruits, making jam and jellies for your own families, may not forget that a few glasses of jelly or fruits would be very acceptable to the sick and injured that must be taken to the hospital.

We know the hospital has many friends all over the county and we hope no one will hesitate to send a little remembrance. No matter how little or apparently insignificant.

Board of Lady Managers,
Lima Hospital.

Mrs. S. A. Baxter.

DRESSMAKING AND LADY TAILORING.

Mrs. H. A. Mabber, formerly of Baltimore, Md., begs to inform the ladies that she resumed work at her present home, 202 West Kibby street. Having made tailor work a specialty for several years, we can guarantee satisfaction in that line as well as ordinary dressmaking. Satisfactory terms.

Some naturalists say that no insects except the silk worm feed upon the leaves of the mulberry.

LECTURE

Was Delivered to Mrs.
George Troutman.

A Star-Chamber Session in Duffield's Court the Sequel of the Trial.

Mrs. George Troutman and her husband were pronounced not guilty by a jury in Justice Duffield's court yesterday evening, but the wife was not let off exactly Scott free. The jury while not willing to hold her on the charge contained in the affidavit, which accused her of cruelty, believed her to be neglectful of her four little children and the verdict suggested that she be reprimanded by the court. Justice Duffield notified Mrs. Troutman to appear this morning and he then took occasion to remind her of the duty she owed as a wife and mother. The curtain lecture was delivered behind closed doors, but it was evident that Mrs. Troutman didn't relish the punishment and would have preferred to pay a fine.

THE OIL MEN

Must Not Allow Gas to Escape in Indiana.

A dispatch from Anderson, Indiana, says: "Manufacturers in the Indiana natural gas belt today secured an injunction against oil well operators between this city and Alexandria, restraining them from operating oil wells to the detriment of the gas territory. The oil men are charged with a criminal waste of gas, allowing it to escape in the air, hoping to increase the flow of oil. The restraining order is in effect against the American Gas and Oil Co., of Pittsburgh, and the Consumers' Gas Trust Co., of Indianapolis."

SERVICES

At the South Side Revival
Create Interest.

The revival at the South Side Church of Christ is reviving. Bro. J. W. Underwood, assisted by Prof. Wright in the music is inspiring, and the praise service is a feature of the meetings. Four ministers were in attendance at the services last night. The spirit of the meeting is fine and much interest is manifested. The topic for tonight is "Christ Crucified." Come and help in the good work.

WAS RELEASED

From Serving as a Member
of Petit Jury.

Wm. M. Melville, the druggist, was released from serving on the jury this morning because of his holding a certificate of membership in one of the local military companies.

NOTICE.

Lima Tent No. 142, Knights of the Macabees, will meet in regular review tonight in Tolac hall. All the members are urgently requested to be present as several matters of vital interest will be brought before the tent for discussion and action. Refreshments will also be served.

J. A. DESENBERG, Com.

PAN-AMERICAN CHORUS.

There will be a rehearsal of the Pan-American Chorus tonight at 7:30 o'clock sharp. By special invitation Rev. R. J. Thompson will deliver a short lecture on the historical significance of Handel's Great Chorus, "We Never, Never Will Bow Down to Stocks and Stones." Let every member be present.

LIMA AND ADA CHORAL UNION.

A Heart Tonic.

When all other headache remedies fail to cure your headache try Clinic Headache Wafers, they never fail, never depress, are a true Heart and Nerve Tonic and are guaranteed to cure. One trial will convince you and you will then use no other. 10 cents at all druggists.

Bridges, rivers, tunnels, mountains, builds cities, gathers up the scattered rays of one's ability. That's what Rocky Mountain Tea does. 35c. Ask your druggist.

The largest sawmill in the world is to be erected at Aberdeen, Wash.

FAIR

Will be Bigger Than
Ever

And Exhibits

Will be Larger and Better
Than Last Year.Such is the Assurance the
Management Has at
This Early Day.Requests for Stalls Three Weeks
Ahead of Time Show That the
Farmers are Prepared to
Make a Displays.

The Allen County Fair will be held Tuesday, Wednesday, Thursday, Friday and Saturday, September 24, 25, 26, 27 and 28, 1901. When the management last year decided to limit the display of live stock to Allen county there were many who thought a mistake had been made, and the stock pens were not as full as they ought to have been; but this was an object lesson to home farmers, and they have awakened to the fact that a county fair should be a county fair in a way that would stimulate and encourage our own people. There will be no dearth of entries in the stock department this year. In former years, the entries were all invariably made not earlier than the week before the fair, but this year, such an interest has been awakened, that three weeks before the fair 48 cattle stalls have already been taken.

The hog department is fast filling up; one man alone, having taken more pens than was filled altogether last year. More sheep pens have also been entered than was used last year, and the horse department is not one whit behind. If this is the condition, three weeks before the usual time for entries, there will be the greatest display of stock ever seen on the fair grounds.

This is not written in a spirit of buncombe, but can be substantiated by consulting the secretary's books. Every citizen ought to back up the management, by helping to make this the biggest and best fair ever held in the county.

RAZOR

Was the Weapon He
Threatened to Use.Wife Appealed to the Police
and Ben's in Jail.Was Fined Eight-sixty and Given a
Ten Days' Trick in the City
Prison—Another Prisoner
Fined.

A. B. Canaday, otherwise known as Ben Kennedy, was arrested shortly after 8 o'clock last night by officer Patton and was locked up in the city jail.

Canaday was crazed with an over abundance of bad liquor and going to his home at 223 south Pierce street, he threatened to butcher his wife with a razor. This morning in police court, he was fined \$8.60 and given a sentence of ten days imprisonment on a charge of drunkenness and disorderly conduct.

An altercation last evening about 6 o'clock, between Harry Kelly and Chas. West on east Market street, the latter received rather severe punishment and caused the arrest of Kelly. This morning the repentant Harry was fined \$5 and costs, which was paid and he was released.

Two hobos, each with a hard luck story and a horror of the word "work" when applied literally were ordered out of the city by the mayor today and invited not to come back very soon.

ONE FARE ROUND TRIP TO
MARIETTA, O.

Via Ohio Central Lines, September 19 and 20, from all stations in Ohio, account Re-union Association of Ohio Lodges, Benevolent Protective Order of Elks. Tickets good returning until September 21st. eod-11.

Take Rocky Mountain Tea. See it exterminate poison. Feel it revitalize your blood and nerves and bring back that happy joyous feeling of boyhood days. 35c. Ask your druggist.

PERSONAL.

Nellie Elobar, of Akron, O., who has been the guest of Miss Daisy Nye for the past few days has returned to her home to join her father, Dr. A. C. Ridout for a western trip.

Mr. and Mrs. William Mackenzie and sons Holmes and Ralph left today for Buffalo where they will be the guests of Mr. and Mrs. Elwood C. Luffin for a week, Holmes Mackenzie going on to Lawrenceville, New Jersey, where he is attending school.

Mr. and Mrs. O. S. Razor left today for Buffalo to remain a week. Van Cleve Holmes leaves tomorrow for Amherst College.

Mrs. James Caffrey and daughter are home after a very pleasant visit with friends and relatives in Toledo.

Elmer E. Morris left last night for Cleveland and Madison, O.

Miss Myrtle Kerner, of Wapakoneta, and Miss Minerva Covernman, of Sidney, were the guests of Miss Emma Kamecer, over Sunday.

Mrs. J. M. McVey and children are home from a visit with friends in Elyria, Ohio.

Mr. and Mrs. Web Bland, of Sidney, were in the city this morning, leaving this afternoon for Van Wert, where Mrs. Bland will visit her brother during Mr. Bland's absence in the east.

Miss Ernestine Winslow, of New Orleans, La., is the guest of her sister, Mrs. H. S. Standish, of Jamesson avenue.

Dr. Minton, of Sidney, was in the city today.

St. Louis, are the guests of her parents, Mr. and Mrs. Thomas Sullivan, of east Market street.

Frank Hoover, of north West street, is ill, threatened with typhoid fever. T. J. Grauey, of Marion, O., is the guest of Mr. and Mrs. Patrick Leahy, of north West street.

Harry Mulvehill, of Sidney, was the guest, Sunday, of Miss Anna Donohue, of north Main street.

Mrs. Will Bland left Sunday for her home in Springfield, after a visit with her parents, Mr. and Mrs. Daniel Quinlan.

H. E. Rechner and family, of Toledo, were the guests, Sunday, of relatives in this city.

Mr. and Mrs. F. M. Redman have returned to their home in Cincinnati, after a visit with her mother, Mrs. Lenihan, and her sister, Mrs. Herman Herold, of Pearl street.

The following persons made up a party that left this morning for a week's visit at Buffalo: Mr. and Mrs. Charles McClintock, Mr. and Mrs. William Boogher, Miss Alice Boogher, Mr. and Mrs. George Howel, Mr. and Mrs. Ben Staver, Jacob Culp, Beach Graham, Miss Maud McClintock.

J. Earl Brown, of Bellefontaine, a graduate of the Ohio State University, has located in Lima for the practice of law, and has opened an office in the Metropolitan block.

OFFICERS

Elected by the Lima
Dental Society.At a Meeting Held in Dr.
Jones' Parlors Last Night.Dr. Jones Elected President.—Two
New Members Received.—Next
Meeting to Held in Dr.
Sullivan's Office.

The first meeting of the season of the Lima Dental Society was held at Dr. Jones' office last evening. The meeting was called to order by Vice-President Dr. Bennett, and the following members answered to roll call: Drs. Sullivan, Strayer Jones, Bennett and Gray. Drs. Bedford and Taylor were elected members of the Society, after which the election of officers for the year was held: President, Dr. Jones; Vice-President, Dr. Stephens; Secretary, Dr. Gray; Treasurer, Dr. Irwin. Dr. Jones proved himself a royal host and after a profitable and pleasant evening the meeting adjourned to meet again at Dr. Sullivan's office on the first Monday evening of October, at which time Dr. Strayer will read a paper.

Run Things Until
January.

Building and Repairs Committee
Not Prepared to Report Concern-
ing the Building of the
Two New Additions.

Members of the board of education
who responded to the roll call last
night were President Sprague, Clerk
Catt, Messrs Cramer, Spyker, Mc-
Clain, Donahue, Prophet, Mrs. Vinary
and Miss Disman. Messrs Fredericks,
Methuen and Dr. Bates were later
arrivals.

Mr. McClain, representing the joint
committee on building and repairs and
sanitary made a report of the bids on
closets. Several bids had been re-
ceived and based on the propositions
made, the committee had decided after
the close of the special meeting last
Saturday, that Cantony & Tuttle were
the lowest, and recommended that
they be given the contract. The cost
was figured at \$1563.50 for all the
buildings, and Mr. McClain made a
motion to drop out Reece avenue and
include the other two. Mr. Spyker
thought it was a considerable sum of
money for an experiment and he pre-
ferred to try it at the Shawnee build-
ing where it was so badly needed. Mr.
Prophet said it was not an ex-
periment. He didn't expect to see a
high school in this generation, and
he thought the board should be
assured to be notified every once in a
while that a nuisance was being main-
tained. Mr. Donahue remarked that
the closets could be moved at any
time, and as the present vaults were
about ready to fall down the change
should be made.

Mr. Cramer reminded the board
that it would have to go slow as the
treasurer had informed him that there
was just a little over \$26,000 at the
board's disposal between now and
January. For the erection of the new
additions \$15,000 will be required
and that would leave but \$10,000 to
pay all bills for four months, about
half what is really necessary.

Mr. McClain's motion to put frost
proof closets at Shawnee and West
buildings was seconded by Dr. Bates
and it carried without dissent.

Mr. Cramer of the finance com-
mittee reported bonds and coupons
due at the City and First National
banks amounting to \$3857.70. Pay-
ment was ordered.

Miss Disman, chairman of the sup-
plies committee, asked for an ap-
propriation of \$20 for the purchase of
material and instruments to be used
by Prof. Zeller in the teaching of
zoology, also certain printed matter,
one dozen clocks and pencil holders.

Mr. Prophet objected to the ap-
propriation of money for any teacher's
use, as he thought the practice was
not a wise one. He thought that all
purchasing should be done by the
proper committee, and he didn't want
to establish any other precedent. He
offered an amendment that the pur-
chase be made by the committee, and
it carried. The original report was
then adopted. Supply committee was
also instructed to provide a suitable
table for experiments in Mr. Zeller's
department.

An interesting report was read by
Mrs. Vinary showing the number of
pupils advanced to higher grades and
the number of failures in each de-
partment. The comparison showed that
there were quite a large number of
failures, and at the request of Dr.
Bates, Supt. Miller was called upon to
give his reasons for it. He confessed
that the per cent of failures was
larger than usual, but he thought that
it was largely because himself and
the teachers had been much more
strict in compelling the scholars to
come right up to the standard. A
number of those marked failures,
however, had been passed on trial,
and the percent would therefore be
greatly cut down. He thought that
the result of demanding the best of
work before passing the pupil would
be to the betterment of the schools
and by the time the scholars reached
the high school he would be prepared
for the harder work required of ad-
vanced pupils.

After a further discussion Dr. Bates
moved that the matter of grading, the

best of promotions and examinations
be taken up by the text book and
course of study committee, together
with Supt. Miller and make such re-
commendations as they deem wise.
Carried.

Supt. Miller recommended in his
report that Miss Verna Driver, who
withdrew from the training school on
account of ill health, be reinstated.
Dr. Bates put the motion and Miss
Driver's request was granted.

Another crowded condition of the
West school building was reported
and the building and repairs com-
mittee was instructed to see what
could be done in the way of estab-
lishing a colony for the relief of the B
grammar grades.

The question of again introducing
Political Economy and Commercial
Geography into the high school course
was introduced by the superintendent
and it resulted in another discussion
in which Mr. Prophet took a promi-
nent part. He wanted it explained
why the course was dropped after an
expensive book was bought, costing
85 cents and afterwards sold for 19
cents each, because there was either
no place or no use for them. He ad-
ded that if Prof. Steffen's did not like
the book he should have said so and
an exchange could have been arranged
for. Supt. Miller replied that he
knew but little about the matter as it
was done before he came to Lima.
The matter was referred to the proper
committee.

The building and repairs committee
was not prepared to report finally on
the question of the new additions, as
there were some changes in the
specifications not agreed upon that
would tend to lessen the cost. As
soon as the committee is ready a
special meeting will be called.

DEATH

Robs Delphos of a Good
Citizen.

Brother of Judge Lindeman
Dies Suddenly.

Was Stricken Ill Sunday and Death
Terminated His Sufferings
That Evening.—Funeral
Tomorrow.

Concerning the death of Frank X.
Lindeman, of Delphos, the Herald, of
that place contained the following
last evening:

"Frank X. Lindeman, second eldest
son of Mr. and Mrs. Henry Lindeman,
of east First street, died at 5 minutes
past 7 o'clock, standard time, Sunday
evening, at his home, corner Washing-
ton and Third streets, from uremic
poisoning, caused by an affection of
the kidneys and liver. Mr. Lindeman
had not been well for some months,
but recently was feeling unusually
well and seemed to be gaining strength
daily. It was, however, only the
calm before the storm, that resulted
in the sudden taking away of his life.

"Sunday morning Mr. Lindeman
walked to his place of business in the
Fisher block, about 9 o'clock, and at
10 o'clock those who were with him
noticed an occasional twitching of his
muscles and shivering of his body.
He seemed insensible to the presence
of those about him and shortly after-
ward fell from the chair in which he
was sitting, but was caught by some-
one near. Physicians were called at
once and everything possible to give
relief resorted to. He was removed
to his home after chloroform had
been administered, and after recover-
ing from the effects of the drug his
condition grew worse and at the time
stated above his death occurred.

"Deceased was born in Delphos on
September 11th, 1867, and would have
been 34 years old Wednesday, the day
on which he will be buried, in Sep-
tember of 1891 Mr. Lindeman was
married to Miss Anna Kleiphus and
to them were born two daughters,
Leah and Lois, both of whom, with
the wife and mother, survive him.
The deceased's parents and eight
brothers and sisters also mourn the
loss of a son and brother. They are:
Judge John F. Lindeman; Mrs. Henry
Klear, of Buffalo, N. Y.; Mrs. Joseph
Warner, of Cincinnati; Alex. Rose,
Mark, Eda and Willie, the latter liv-
ing in Dayton, the others here.

"The funeral will be held from St.
Johns church, Wednesday morning at
7:45 o'clock. Interment will be made
in the East Side cemetery. The sym-
pathy of everyone will go out to those
on whom the sorrow occasioned by
this death falls heavily."

MUSIC.

everybody knows why.

TWO

Judges are Holding
Court.

Divorce Cases

Engage Judge Cuning-
ham's Attention,

While Judge Armstrong is
Presiding in the Street
Opening Matter.

A Decree of Divorce Was Granted
to Mary E. May from Thomas
May on the Ground of
Cruelty.

Two common pleas judges are at
work today. Judge Armstrong occupy-
ing the bench while Judge Cuning-
ham is holding court in his private
office, where several divorce cases will
be disposed of before the day is over.

It took some time to get a jury
satisfactory to Attorneys Ridenour
and Henderson this morning and it
was not until this afternoon that they
got down to business. The question
at issue is the appropriation of prop-
erty belonging to the Sanford and
Miller heirs and several other persons,
for the purpose of opening east Mar-
ket street. The jury was sworn at
eleven o'clock and was then driven to
the property that they might person-
ally inspect it.

Among the divorce cases to be con-
sidered, are Mary E. vs Thomas May,
Tillie vs. Wesley Miller and Louie
A. vs. Irvin B. VanHorn.

A decree was granted in the May
case on the ground of cruelty. The
divorced couple are advanced in years
and were only married about four
years ago.

Real Estate Transfers.
Ruth Ashton to Frank M. Holmes,
lot 3857, Maplewood addition, \$250.
M. J. Sullivan to Chas. E. Tompkins,
lot 3467, \$200.

lot 156 Seinsheimer addition, \$125.
Minnie Grant to Richard M. Robbins,
lot 679, Baxter's addition, \$800.

NUPTIAL

Mass Celebrated at St.
Rose Church

By Rev. P. J. O'Connell at
6 O'clock This Morning.

Miss Ella Daley Becomes the
Charming Bride of Mr. Michael
Welsh.—Bride and Groom
to visit in Buffalo.

A quiet but pretty wedding was
solemnized at St. Rose church this
morning at 6:30 o'clock, the principals
being Mr. Michael Welsh, a well
known young mechanic of this city,
and Miss Ella Daley, youngest daugh-
ter of Mrs. B. Daley, of 464 north
West street. Rev. P. J. O'Connell, of
Cleveland celebrated the nuptial mass
and performed the marriage cere-
mony according to the sacred ritual
of the church.

The bride presented a charming
picture in a brown traveling suit.
They had no attendants. A wedding
breakfast was served at the home of
the bride's mother, at which were
present the relatives and a few of the
immediate friends of the contracting
parties.

Relatives present from abroad were
the bride's sister, Mrs. M. O'Brien
and husband, of Ft. Wayne, and the
groom's cousins, Mr. Fitzmaurice and
Miss Fitzmaurice, of Indiana. The
happy couple left this afternoon over
the L. E. & W. for a trip to the Pan-
American exposition and upon their
return they will take up the duties of
housekeeping.

ONE CENT A MILE TO BUFFALO.

Friday, September 13th, Agents of
the Ohio Central Lines will sell ex-
cursion tickets to Buffalo and return
at rate of One Cent per mile, on ac-
count of Railroad Day at the Pan-
American Exposition, which will be
Saturday, September 14th. These
tickets will be good returning leaving
Buffalo until midnight, Wednesday,
September 18th. See agents of Ohio
Central Line for full particulars.

Toilet Soaps at Watson's.

PART AND PARCEL.

DAINTY box, an exquisite wrapper, a deli-
cate color, and a clinging fragrance—yet all
these will not cleanse the skin! Has it ever
occurred to you that you pay big prices for
these things? Do you care to buy five articles or do
you require only one—a strictly pure soap. Remember
you pay for perfume whenever you buy it mixed
with soap. Don't you think it is wiser to make your
own selection of perfume and buy it separately? It is
certainly the method adopted by most persons of culti-
vated taste, those who bathe with pure Ivory Soap.

IVORY SOAP—99% PER CENT. PURE.

RAILROAD

Boys Have an Excursion
of Their Own.

Will Run a Special to Day-
ton Home

For the Benefit of the Order of the
Railway Trainmen—Thursday,
Sept. 25, is the Date De-
cided Upon.

The railroad boys have given the
public their services time without
number this season when excursions
have been announced to various points
and now they propose to get a little
pleasure in return. It is announced
today that the order of Railway Train-
men will personally conduct an ex-
cursion to the Soldier's Home at
Dayton, Thursday, Sept. 26. A special
train will start from Deshler and as
the season by that time will be rap-
idly drawing to a close the Trainmen's
order should and will, no doubt, be
well patronized.

Millions in Taxes.
In direct taxes the railroads of
New York paid last year \$4,500,000,
those of Illinois \$4,100,000, those of
Pennsylvania \$3,700,000, and the
other large states the following
sums: Massachusetts, \$2,900,000;
Ohio, \$2,650,000; Indiana, \$2,500,000;
Kansas, \$2,300,000; New Jersey, to-
ward the state expenses, \$1,850,000;
Wisconsin, \$1,500,000; Iowa, \$1,425,
000; California, \$1,300,000 and Texas
an even \$1,000,000.

General Notes.
Conductor Halladay, of the C. H. &
D., is off duty for a few days on a
pleasure trip and Conductor Snyder
will have his run in the meantime.

The Erie company has reduced its
expenses \$700,000 per annum by
"lopping off" some of the official
heads. The road was top-heavy.

An excursion from Findlay to To-
ledo and Put-in-Bay, over the C. H. &
D., was the only special handled by
that line today.

A man named Joseph Kochenderfer,
bleeding and unconscious, was found
lying along the Pittsburg tracks near
Bucyrus yesterday morning. He re-
vived but was unable to tell how he
happened to be hit by a train.

General Superintendent Turner has
cautioned the conductors on the C. H.
& D. by a bulletin, to be more exact
in permitting children over the age of
12 years to ride on half fare. If the
conductor believes the child to be be-
yond the limited age, he is ordered to
collect full fare.

The Macabees band at Findlay was
instrumental in arranging the big ex-
cursion out of that city today for Put-
in-Bay.

Pay your gas bills today
and save the discount.

From and after September
1st, all gas bills will be pay-
able at the office of the com-
pany, 112 west Market street.
Collectors will not be sent
out in the future. e-o-d

Look out for Peaches a

Watson's this week.

UNABATED

Is the Interest Felt by the
American People

In the Progress Made by the
Wounded President in His
Fight for Life.

The crowds of people around the
Times-Democrat bulletin board, read-
ing the telegrams posted there con-
cerning the condition of the president,
attest the universal interest, and deep
feeling of the American people upon
the subject. No sooner is a fresh bul-
letin posted than a crowd surrounds
the board, eager to get reliable infor-
mation as to the condition of the
wounded chief executive. The Times-
Democrat's bulletins as well as its
publications have given the exact sit-
uation as it existed. No exaggerated
reports graphically announcing the
death of the president were posted or
published by the Times-Democrat, for
the very good reason that every tele-
gram received by us came from our
regular news bureau which furnishes
reports of conditions as they are—not
as some one imagines they might be.
Upon occasions like the present, peo-
ple demand facts, not conjectures.
The Times-Democrat gave the facts,
and did not fail in one instance to
state the condition just as it existed—
no better, no worse.

When you see it in the Times-Dem-
ocrat it is true, is a proposition recog-
nized as right by all people of Lima.

"Uncle Tom's Cabin."

Among the beautiful pictures which
have made Al. W. Martin's production
of "Uncle Tom's Cabin" famous are
the humble cabin of Uncle Tom, Skin-
ner's Tavern, the ice-berged Ohio
river by moonlight, the home of
Phineas Friend, the rocky pass in
southern Ohio, St. Claire's home, the
great New Orleans levee and slave
market, Legree's plantation on the
Red river, and the transformation, en-
titled, "The Celestial City." Mr.
Martin's version involves thirty im-
portant characters and is told in six
acts and twenty-eight scenes. Seventy
negroes are carried to fill out the
pictures and to introduce their plan-
tation pastimes. There will be a
special matinee for school children at
3:30.

YOUNG

Released From Jail by Pro-
bate Court.

Probate Judge Miller had August
Young up before him yesterday after-
noon at four o'clock, and after hear-
ing the evidence of a number of the
little girls who were in the wagon at
the time it upset, the court held that
Young was not guilty of the charge
of assault with intent to kill, and he
was discharged.

SUN RINGS

Attracted the Attention
of Many People.

A Series of Interesting For-
mations in the Sky.

Which Induced to Inspect the
Heavens People Who Had Not
Thought of That Locality
for Years Before.

Scores of people stood out in the
street this morning, looking heaven-
ward straining their eyes to notice a
peculiar condition—one well calcu-
lated to cause the Adventists, who are
momentarily expecting the world to
come to an untimely end, to don their
white robes and get ready for judg-
ment. This unusual scrutiny of the
heavens was induced by a series of
rings which were present there caused
by the action of the sun's rays upon
the vapors in the atmosphere.

The one large ring which surrounded
the sun was of rainbow hue, while
linked into it was another large circle
without color, being perfectly white.
A secondary ring was in turn, linked
into this, forming altogether a most
interesting sight, and one not often
observed, even by those who are most
given to observing phenomena in the
heavens.

VOICE CULTURE.

Mrs. A. F. Wheeler will open her
studio in the Hetrick block, October
1. She will give private instruction
in voice and also form classes for the
study of opera and oratorio. While
in Europe she was a pupil of the re-
nowned Italian Master Benvenuto Van
ini, taking a teacher's course in the
Italian method, which she considers
the very best. Those anticipating
voice study should address her at
their earliest convenience. "I have
many pupils who are teaching in
America, but none more capable than
Mrs. A. F. Wheeler." Benvenuto Van-
ini: Florence, Italy, October, 1, 1900.

Roosters often crow over eggs they
did not lay. Same with people who
sell an imitation Rocky Mountain Tea,
made famous by the Madison Medicine
Co's advertising. 35c. Ask your drug-
gist.

THINGS OF SUMMER.

CRAVATS, SHIRT WAISTS AND ODDS AND ENDS OF THE TOILET.

Muslin the Material of the Day For Everybody—Tailor Taffetas With Narrow Velvet Flosses—White Shirts Cool and Charming.

No smarter or newer toilet, especially for the races or any stylish outdoor function, could be desired than a tailor built taffeta gown ornamented with three bands or narrow shaped flosses—for that is what they really are—of black velvet, and, though, as aforesaid, muslin is the privilege of the young and every woman claims the right to be only as old as she looks, yet un-

CLIC COLLARS AND CRAVATS.

biased observers must be pardoned for thinking that taffetas, foulards and gloves sometimes meet the case better than muslins.

Fine handmade embroideries are the delight of the dressmaker for the collar, vest and sleeves of muslin and batiste gowns, and their glory is enhanced by the fact that they can never become common.

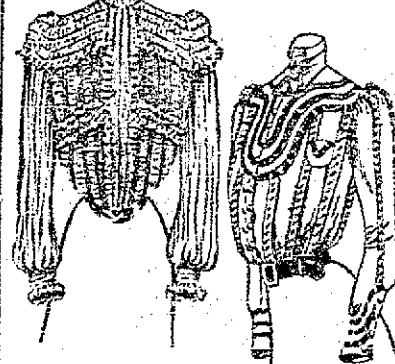

French hariste is the most chic wear for shirts and frocks, delicately hand embroidered and trimmed with real Valenciennes, but such sewing utility is terribly costly both at the outset and to maintain, for it must perforce be sent to the cleaner and not to the wash. For dainty petticoats it is preferred by many good dressers to silk, arranged with a multitude of "ribbles," as the festive visiting Elizabeth would say.

Bespoke coats, cut like a habit bodice behind, are coming in for linen dresses, while for softer materials the coats end at the waist line in front, with a gathered or plaited basque behind and a broad black satin waistband. It is still imperative that there should be a note of black somewhere on the costume, but it is generally supplied by the black velvet ribbon run through entredoux.

The pretty trifles illustrated mark the day of small things and speak sufficiently graphically for themselves—the chic little cravats, especially that little white lawn one at the top of the group, with a bow at one side and the two ends at the other, and the stylish one beneath it. Mark, learn and copy these well, for it genius means a great attention to small things and the definition of good dressing is exactly the same.

But the shirt is really the garment of the day, and the finely embroidered lawn with satin stitching and hemstitching, made in the simplest style, but of the very best quality, is the most becoming and the most useful, for it will amply submit to the machinations of the modern laundress, and it can by means of a ribbon held in by a firm stitching of the gatherings at the front and back be induced to fit neatly into the waist.

Some very attractive shirts are made of fine net run into hand tucks and bearing lace yokes extending on either

SMART SHIRTS.

side of the front into long braids. Then some excellent shirts are made of fine linen, and these may be decorated with white stitchings or with applications of white linen on to colored and trimmed with small pearl buttons. A particularly pretty example in pink has an applied pattern of white linen over the shoulders, graduating into the waist, while the sleeves are of the bishop order, and the plain pink skirt shows an application in scroll form on the hem. A shirt made like this in pink and white could as well be worn with a white skirt as with a pink one, and pink in a shade is very popular this year.

In the cut is a white shirt of muslin and lace insertion, with transparent cuffs, yoke and epaulets of Valenciennes lace, like the frills and plaited front.

The other shirt is of white satin, relieved with beading and feather stitching in red silk. Triangles in cloth of the ruddy color are applied. Gift buttons and a red leather belt give the dash.

MIDSUMMER DRINKS.

First Quenching and Cooling Concoctions of Home Manufacture.

At this season a cooling drink that is not only thirst quenching, but healthful and appetizing, should be at hand in every home. From the following tested recipes, originally presented in Good Housekeeping, some special favorites may be chosen that all the family will enjoy:

Sarsaparilla Mould.—Take three pounds of sugar, three ounces of tartaric acid, one ounce each of cream of tartar, flour and essence of sarsaparilla and three quarts of water. Strain and bottle it. Let it stand ten days before using.

Currant Syrup.—Boil currant juice and sugar in proportion of one pound of sugar to one pint of juice five minutes. Strain it constantly while cooling. When cold, bottle it. Use like raspberry syrup, one teaspoonful or two to a tumblerful of water.

Raspberry Vinegar.—Mash two quarts of raspberries in an earthen vessel. Put them in a large stone bottle or jar and pour over them two quarts of good strong vinegar. Cork the jar slightly and let the juice distill in the sun two or three weeks; then filter clear and bottle, corking it well.

Oatmeal Drink.—Put into a large pan a quart of a pound of fine fresh oatmeal, six ounces of white sugar and half of a lemon cut into small pieces. Mix with a little warm water, then pour over it one gallon of boiling water, stirring all together thoroughly, and use when cold.

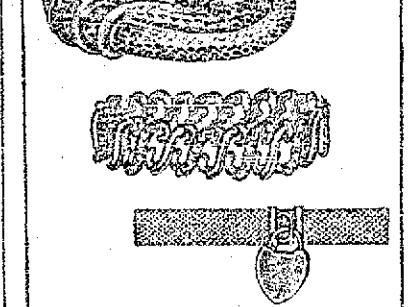

Lemonade Syrup.—With one pound of sugar mix the grated yellow rind of six lemons, moisten the sugar with as much water as it will absorb and boil it to a clear syrup. Add the juice of 12 lemons, stirring it in well over the fire, but do not let it boil after the juice is added. Bottle the syrup at once and cork it when cold. Mix a little of this with cold water when lemonade is wanted.

The majority of these drinks when put up in small bottles may be cooled just before using simply by setting the bottle in the ice chest. Others which will bear adulteration may simply have cracked ice added after filling the glass.

The Growing Vogue of Bracelets.

The bracelet is a growing fashion, and thus far the flexible ones seem to afford the standard, though of variants there are many, says Elsie Dee in The Jeweler's Circular.

A narrow string of brilliant hinged together side by side presents a handsome example. Heart shaped supplies separated by a single diamond are an-

POPULAR BRACELETS.

other. Links of brilliant, each including a square cut emerald, furnish a third.

Threads of different hues strung together fascinate with their variety of color. Single chains of gold are spaced off with balls of turquoise, jade or other stones.

Watch bracelets are an established style, and all sorts of serpent and adjustable or "expanding" bracelets are very much in evidence, as are a variety of padlock bracelets. Serpent, expanding and padlock styles are shown in the cut.

Today's Jewelry and Silverware.

Everything pertaining to the shirt waist is of interest just now, and in this line some very taking novelties are found among the sleeve links, says The Jeweler's Circular. The first notable feature is the use of cross matched or unmatched stones. A sapphire and a cat's eye, both cabochon cut and narrowly rimmed with gold, represent one design. Topazes in contrasting colors—pink and yellow, for instance—make another. Cat's eyes, round and very high topped, are quite prominent in the usual matched buttons. Sapphires are also noticeable in the same shape. In fact, these high, round topped stones appear to be in great favor for sleeve links.

With summer weather candlesticks assume added importance, the use of the bedroom candle being one of the pretty old customs revived in country houses. A neat example of this latter is in the well known low, flat bottomed shape with an extinguisher attached. A beaded edge is the only ornament. Antique and black finish are among newest effects. In the tall candlesticks square pillar, round column and hexagonal shapes are good style, though others are many.

Raspberry Rolly Poly.

Mix together one pint of sifted flour, one-half of a teaspoonful of salt, one teaspoonful of sugar and one teaspoonful of baking powder and rub in two tablespoonsful of butter. Mix with sufficient sweet milk to make a soft dough, turn out on a floured board, work with the hands for a moment, then roll out in a sheet one-half of an inch thick. Spread thickly with black or red raspberries, sprinkle with a spoonful or two of sugar and roll up like a jelly roll, pinching the ends to keep in the juice. Lay on a greased plate and steam for half an hour, then place in a hot oven for ten minutes to dry off the crust. Serve with sweetened cream or hard sauce.—Table Talk.

As a Food For the Skin.

To Make It Smooth, Healthy, and Beautiful, Dr. Chase's Ointment is Hailed by Thousands of Fair Women.

Every woman, no matter how beautiful her skin, finds need at times of some preparation to overcome the redness and roughness, and to cure the pimples, blackheads and skin irritations.

Powders may cover up the disfiguring eruptions, but can never cure them, and are positively injurious because they clog up the pores of the skin.

Dr. Chase's Ointment is a food for the skin. It is readily absorbed, and thoroughly cures each and every skin disease, making the skin smooth, soft and clear.

No woman's toilet is complete without Dr. Chase's Ointment, for besides being the most perfect skin beautifier obtainable it can be used in a score of different ways. It absolutely cures eczema, salt rheum and the itching to which women are especially subject. The ointment does not cause pain when applied, but soothes the sore or inflamed surface. It immediately stops itching of the skin when applied.

When the feet are sore and chafed with walking an application of Dr. Chase's Ointment takes out the smarting and allays the inflammation in a surprisingly short time. Then for burns, scalds and every sort of chafing, irritation or eruption of the skin Dr. Chase's Ointment affords a safe and certain cure. It has come to be indispensable in scores of thousands of homes in the United States. It does not cause pain when applied; 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Reduced Fares to California Via Pennsylvania Lines.

Special low rate tickets to San Francisco, account General Convention Episcopal church, will be sold via Pennsylvania lines September 18th to 26th, inclusive, also on September 27th for trains reaching Chicago or St. Louis that date. For further information see ticket agents of Pennsylvania Lines. d&w-t

Have you a sense of fullness in the region of your stomach after eating? If so you will be benefited by using Chamberlain's Stomach and Liver Tablets. They also cure belching and sour stomach. They regulate the bowels too. Price, 25 cents. Sold by Wm. Melville, old post office corner.

LOW RATES FOR HOMESSEKERS AND SETTLERS.

Via Ohio Central Lines. Low rate round trip homeseekers' excursion tickets are on sale at all important ticket offices of the Ohio Central lines.

Also one-way settlers' tickets at a reduction from the regular one-way rate.

These tickets are on sale the first and third Tuesdays of each month, and agents of the Ohio Central lines will be pleased to furnish full particulars. eod&wky-tosep.14

H. C. Watkins, sexton of the Methodist church, Springfield, Pa., says: "My wife has been very bad with kidney trouble and tried several doctors without benefit. After taking one bottle of Foley's Kidney Cure, was much better, and was completely cured after taking four bottles."

H. F. Vorkamp, cor. Main and North streets.

The G. R. & I. annual excursion from stations Richmond to Ft. Wayne, inclusive, on September 5, 1901; stations Fort Wayne to Reed City, inclusive, September 10, 1901, \$5.00 round trip to Petoskey, good for 10 days.

C. L. LOCKWOOD, G. P. A.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing, to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagnell, Mo. This remedy is for sale by Wm. M. Melville, old post office corner.

Neil—"Miss Antique has given up the idea of having a birthday cake." Belle—"Couldn't get enough candles, I suppose."

Hook—"You can't do anything without money." Nye—"Oh, yes; you can get into debt."

There is nothing particularly novel about the combination of white dotted muslin and narrow black velvet ribbon but it is certainly most charming.

Black and white striped silk is fashionable again and is considered especially modish as a trimming on linen gowns.

Mercerized linen in pale pink, blue and green makes charming morning gowns, tucked in groups all around the skirt above a shaped founce headed and finished with a stitched band.

Lawns, dimities and even gingham have a place on the list of summer day gowns.

A MAN'S CLOTHES.

An Authoritative Talk About Dress For Various Occasions.

"The most formal dress a man wears is his evening clothes," says Mr. Fritz Williams in the New York Herald, "and these should be perfectly simple, displaying no jewelry except studs and buttons, and showing no color to destroy the harmony of the black and white combination. Studs should never be anything but pearls and the ordinary little buttons, three for 50 cents."

BECK AND WHITE COOL GRAY TONE-FLANNEL.

do very well. The crush hat is a part of the uniform, though the silk one may be worn. Watch and key chains should be hidden from view.

"The tuxedo coat belongs to the club and perhaps informally at home. With this coat a derby or a straw hat may be worn and, of course, the small black tie. Except with evening clothes the small tie is always undress."

"The black frock coat is the formal afternoon dress, while the gray one may be worn on other occasions, though we could hardly call it informal. At weddings and receptions and wherever ladies are to be the black frock, closely buttoned up, is the correct thing."

"Trousers with this coat are of black, showing an indistinct stripe. With the gray frock coat, which has trousers of the same material, a fancy waistcoat is permissible. Colored shirts do not belong to the frock coat and neither do turnover collars. These both mark the informal dress."

"With morning dress more liberty is allowed, and a man may indulge his fancy for colored shirts, handkerchiefs and ties, though these should be neat and smart. The suit made of loosely woven material, such as homespun, is coolest and most comfortable, two important qualifications. Square cut coats are smartest. With this morning suit go a soft felt hat, usually a fedora, and perhaps a white canvas waistcoat."

"I believe the walking stick belongs to afternoon clothes, though it may be carried at any time. A man doesn't want a stick when going to business, and if he has on evening clothes he wants nothing that will be in his way. The plain wooden stick is not carried. The correct one shows a little ornamentation, never of gold, for young men."

"There is only one yachting dress, but for outing a man may choose whatever he likes. Flannels, however, are by far the most comfortable to wear. White trousers showing a fine dark stripe, a blue coat striped with gray or white and a shirt with a soft plaited bosom are good form. Plaited bosoms by the way, should always be worn."

"Shoes may be white or tan, generally the latter, and a good hat is the straw alpene. One should observe the same rule with the outing suit as with evening clothes—keep it harmonious and confined to two colors. Blue and white or black and white are excellent combinations, though, as the latter obviously belong to evening dress, it is better to choose the former. Blue is a color universally becoming, and its combination with white produces a particularly cool and fresh effect."

"I mention the alpene hat because the shape suits nearly all men, just as most women find it becoming."

"Trousers of the outing suit should be made with straps at the waist, through which may be slipped a plain leather belt, one not too narrow. This belt must fit snugly around the top, allowing none of the trousers to show above it. In this way the waist assumes the desired trim look. A good idea is to get the belt first and have the loops on the trousers made to fit it exactly."

The cuts from the journal mentioned show a smart outing suit of blue and white flannel and a panama hat and a cool looking morning suit of gray homespun, with gray felt hat and white canvas waistcoat.

Fashions and Fancies.

Costly silver toned chiming bells are beginning to be a fad for the extensive estates of wealthy people.

A popular hat is a sailor with a rolled up brim trimmed around with wild flowers, with a bow of black velvet ribbon on the left side falling over the hair.

There is nothing particularly novel about the combination of white dotted muslin and narrow black velvet ribbon but it is certainly most charming.

Black and white striped silk is fashionable again and is considered especially modish as a trimming on linen gowns.

PAN-AMERICAN ERIE R. R.

The Erie's service to Buffalo is better than ever. The only line from Lima, Ohio, with through coaches and sleepers. No transfer; no delay. Train No. 8 leaving Lima, Ohio, at 9:02 p. m. daily, has through coaches and sleepers. No. 5, returning, leaves Buffalo, N. Y., at 11 p. m. daily; also has through coaches and sleepers. Buffalo to Lima.

In using the Erie R. R. you have an advantage of stopping over at Chautauque Lake in both directions.

For sleeping car reservation and any other information, apply to

54-t F. C. MCCOY, Agent.

Stood Death On.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, etc. It gives perfect health. Only 50 cents at H. F. Vorkamp drug store.

F. A. BURKHARDT, Ticket Agent.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by Wm. M. Melville, old post office corner.

Excursion to Upper Sandusky via Pennsylvania Lines.

September 11th to 13th, excursion tickets to Upper Sandusky, account first annual meeting of Jockey Club will be sold from Lima, Mansfield and intermediate ticket stations on Pennsylvania lines. d&w-t

The man with the long head is not the one to rush into a thing headlong.

Billiousness

"I have used your valuable CASCA-RETS and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to every one. Once tried, you will never be without them in the family." EDW. A. MARY, Albany,

A PLAY AT POLITICS

Injected Into the Police Investigation
by Members of the Council.

Police Committee Reported

But Only One Republican Member of the Council Voted to Sustain the Report. A Flimsy Affidavit Sprung at the Last Moment.

The council chamber was well crowded with citizens last night by an assemblage of citizens who expected to witness a close of the investigation of the police scandals that have been hanging fire for several weeks but they were destined to disappointment for as soon as the clerk attempted to read the report of the police committee Mr. McCauley, chairman of the committee, and one of the members who had signed the report, interrupted the clerk and moved to lay the report over for one week. His motion was seconded by Mr. Jameson.

Mr. Hoyt, another member of the committee, stated that he had been in favor of bringing the matter to a close at once but that he had just learned that an affidavit had been secured by one of the accused officers that threw a different light upon the matter and for that reason he was in favor of laying the matter over for another week.

Mr. Shannahan and Mr. Moses both stated that the affidavit in question was in the possession of one of the accused at the time the hearing was held on last Wednesday and could have been offered as evidence at that time but the accused failed to either offer it in evidence or make any other defense against the charges that were preferred. Mr. Shannahan thought the affidavit matter only another flimsy excuse for more delay. He said he had seen by the actions of certain persons who were button-holing certain members of the council before the meeting that some effort was being made to delay the matter and make a play of politics of it.

Mr. Moses asked that the names that were signed to the police committee's report be read.

The clerk reported that the names of Messrs. McCauley, Moses and Sherman were signed to the report.

Mr. McCauley said he wanted the matter laid over for a week on account of the absence of Mr. Sherman.

Mr. Moses said that Mr. Sherman had signed the report and was only sorry that he could not be at home to vote to adopt it and bring the matter to a close.

Mr. McCauley said that he wanted the matter laid over in order that the accused could secure an affidavit from a person out of the city; that the affidavit was not yet at hand.

Mr. Shannahan offered an amendment to Mr. McCauley's motion, a motion to hear the report read and to take action on it at this meeting. This amendment was carried, the vote being as follows:

Yes—Baumgardner, McCullough, Shannahan, Hoyt, Kline, Moses, Scully.

No—Jameson and McCauley.

The chair declared Mr. Shannahan's motion carried and ordered the reading of the report which was in substance as follows:

To the Council of the City of Lima.

Gentlemen:—At a meeting of the council on the 19th day of August, 1901, the matter of the charges against James Harley and James Caddy, members of the police force, was referred to the police committee for investigation and report accordingly. The undersigned members of the police committee held a meeting at the council chamber on the 4th of September, 1901, and heard evidence on the certain charges that had been preferred by the committee against said officers, both of whom failed to appear in their defense, although duly notified of their privileges to do so.

The committee preferred two charges against Mr. Harley. Such charges are as follows:

1. That on or about the 25th of June, 1901, said James Harley, while in the service of said city as chief of police, did enter Frank's saloon, located on west High street in said city, and did then and there drink intoxicating liquor and did quarrel with and threaten to strike and wound one Dewitt C. Richmond and at said time, while in said saloon, did use profane, indecent and vulgar language, and did thereafter upon going out onto the sidewalk, in front of said saloon, in the presence and hearing of ladies, use

boisterous, indecent and vulgar language.

2. That on or about the 8th day of July, 1901, he, the said James Harley, while in the service of said city as chief of police, was present at the fair grounds in said city and witnessed a quarrel and fist fight between several men and then and there neglected and refused to quell such fight or attempt to arrest the guilty parties.

From the evidence adduced we find Mr. Harley guilty of both of said charges and recommend that he be dismissed from the police force.

The committee preferred the following charges against James Caddy:

1. That he, the said James Caddy, on or about the 15th day of said city, as a police officer and while on duty as such officer, did become intoxicated and unfit for the performance of his duty and did remain at the police station in such condition.

From the evidence adduced we find Mr. Caddy guilty of said charge and we recommend that he be dismissed from the police force.

Respectfully,

S. E. McCauley,
S. SHERMAN,
E. S. MOSES,
Members of Committee.

After the reading of the report Mr. Shannahan moved that it be adopted and that its provisions be carried into effect.

On this motion Messrs. Hoyt, Jameson, McCauley, Kline and Overly refused to vote. Messrs. Shannahan, Baumgardner, Scully, Moses, McCullough and Davis voted yes and the latter declared that all members not voting should be recorded as voting no. Eight yeas being necessary to adopt the committee's report. Mr. Shannahan's motion was lost.

Mr. Shannahan said that he was surprised that any member of the council should not have the courage to vote on a matter of such importance as this report of the police committee. He was satisfied that no member had any doubt as to the report of the committee being just but added that it appeared on the other side that the members were being influenced by partisan prejudices. He was disappointed in the members of the council to find that they did not have the courage to vote for and assist in carrying out an effort to improve the public morals and make an example of the men who had so flagrantly violated the rules of civic and moral discipline. He did not want to be classed with such men as had participated in the demonstrations told of at the hearing before the police committee and voted yes on the committee's report.

Mr. Hoyt said that when he was satisfied that the charges preferred against the two officers were true he would be willing to take final action on the committee's report. He had not been present at the hearing and was not satisfied to do any man a wrong whether he be the accused or someone else.

The chair informed Mr. Hoyt that he could vote to reconsider the action just taken if he desired to have it taken up again at the next meeting. Mr. Hoyt then made a motion to reconsider the action just taken and after this motion was carried the whole matter including the committee's report was laid over for one week.

Mr. Shannahan asked if the affidavit in question was available and in spite of Mr. McCauley's statement that the defense wanted time to secure the document Mr. Overly replied that it was available and he produced it from his pocket and carried it over to Mr. Shannahan who looked it over carefully and then returned it to Mr. Overly.

Mr. Kline said he had not refused to vote for the adoption of the committee's report because he did not believe the reported findings were not true but he had refused to vote because he preferred to have the council designate the penalty, as to whether the officers should be dismissed or suspended.

The affidavit which seems destined to play an important part in the finale of the police affair is a flimsy,

affair that Chief Harley claims to have secured from Dewitt C. Richmond in Pittsburg, where the latter is now employed. Mr. Richmond, it will be remembered, is the young man whom Chief Harley abused and attempted to assault in a bar room several weeks ago. The witnesses at the hearing testified under oath that at the time of the trouble Mr. Richmond said or did nothing to precipitate the quarrel and made no effort to defend himself until after Harley had made several persistent efforts to get at him. The affidavit shifts the blame for this disgraceful scene from the officer to the man whom the latter attempted to assault. There are other documents in existence however, that may be used to add some more rather startling disclosures to the affair.

NUPTIALS

Celebrated at Three
Places Today.

Miss Clarkson and Walter
Parmenter Wedded.

Wiesenthal-Newman Wedding and
the Griffin-Vail Wedding Will
Both Occur This
Evening.

This afternoon at three o'clock at the home of Mr. and Mrs. George Clarkson, of north Jackson street, a quiet but pretty home wedding was solemnized, the bride being a daughter of the household, Miss Harrietta M. Clarkson and the man of her choice Mr. Walter Parmenter, Rev. A. D. Wolfinger, of the German Reformed church being the minister who united their lives for all future time.

The room was artistically decorated with asters and roses in pink and white, with palms for a back ground for the bridal party.

The bride's gown was of snowy white silk with trimmings of very narrow satin ribbon, her bouquet of bride's roses giving a finishing touch to her toilette. The attending bride's maid was Miss Annie Clarkson, a sister of the bride and her gown carried out the chosen colors, pink and white, the dress being white organdie and bouquet, pink roses. The groomsmen were Mr. Fred Parmenter, brother of the groom. Good wishes and feasting followed the ceremony and then the young couple left for Buffalo over the Erie railroad, to remain a week or ten days. Upon their return they are to occupy a cozy home they have furnished and waiting for them at 829 Bellefontaine avenue.

The good wishes of their relatives and friends will follow them on their wedding journey.

The ceremony was witnessed by both families and Miss Ethel Boyer and Mr. Frank Anderson, of Rockport and Mr. Orin Cupp, of Columbus Grove and Miss Mary Marshall, of Rockport.

This evening at eight o'clock at the Lima House the nuptials of Mr. Sol Wiesenthal and Miss Rose Newman will be witnessed by a number of interested relatives and friends.

This evening at the home of Dr. and Mrs. J. B. Vail of west Market street, will occur the marriage of their eldest daughter, Lenore to Mr. Frank Griffin. Only the near relatives will be in attendance. At nine o'clock they will receive about one hundred and fifty of their friends.

WINDY CITY

Will be the Future Home of
Mrs. Geo. Luken.

Mrs. George Luken has sold her home on north West street to Carl Boegel and will remove her household effects to Chicago, where she will reside in the future. Her daughter Miss Mayme Luken has secured a good position there as stenographer for a large firm, and their many friends in this city wish them good fortune in their new home.

FIVE

Judicious Citizens
Appointed

And Their Duty

Has Been Designated
by Themselves.

Will Devise Ways and Means
for Securing a New
City Building

Or a Plan by Which Old One Can
be Placed in a More Suitable
Condition.—Long Session
of the Council.

The city council met in regular session last night with President Davis in the chair and the following members present: Shannahan, Baumgardner, McCullough, Jameson, McCauley, Overly, Hoyt, Kline, Moses, Scully and Linderman.

Petition of J. W. Brown and others was referred to the fire committee and the department chief.

Frank Mullenhour was granted permission to store building material on east Elm street.

Petition from a number of prominent citizens suggesting that a committee of three or five judicious citizens meet with a committee of the city council to devise ways and means of providing either a new city building or a better condition of the present building was read and on motion of Mr. Overly the council granted the prayer of the committee. Chairman Davis appointed the following committee of citizens in accordance with the petition: W. H. Standish, W. H. Stephens, Jos. Goldsmith, E. H. Mitchell and J. R. Hughes.

Petition of east McKibben street protesting against the proposed removal of arc light from that street east of Jefferson street was read. The petition requested that a gas light instead of the arc light should be removed.

Mr. Shannahan said that there was a great amount of dissatisfaction over what he termed an unfair manner in which the lights were distributed.

Mr. Linderman said that there was a member of the council from the north side who is a member of the light committee and that every light he had asked for had been granted.

Motion that the prayer of the petition be granted was carried, all members voting yes except Mr. Shannahan.

Motion by Mr. Scully that a new arc light be placed on Union street at the point to which the McKibben street light was to have been moved, was carried as was also a motion by Mr. Shannahan that all other lights that have been promised be placed.

Mr. Overly moved to accept the proposition of the Pennsylvania Railroad Co. to macadamize Pennsylvania avenue providing the order for the construction of walks on the north side of that thoroughfare be rescinded. The motion was carried, the improvement to be constructed in accordance with specifications to be prepared by the engineer and to the satisfaction of the city council.

Time for payment of assessments for Haller street and north Metcalf street improvements was extended to the 20th of this month for the accommodation of the property owners.

Mr. Baumgardner stated that the C. H. & D. Railroad Co. wanted to raise its track about two inches at the Vine street crossing to conform with the height of the L. E. & W. track.

Mr. Shannahan said if that be the case the L. E. & W. should be required to lower its track to the established grade. The matter was referred to the engineer who was instructed to ascertain whether or not the L. E. & W. tracks were above the grade at the Vine street and south Main street crossings.

Street commissioner was authorized to employ four men to clean out the Hog creek channel.

Request of R. C. Faurot to have fences and other obstructions removed from south Metcalf street was granted.

Claim of Wm. Karch for damages done by an open trench on north Main street was referred to the solicitor.

The report of the police committee, relative to the investigation of charges against Chief of Police Harley and Sergeant Caddy came up and the account of the action taken will be found in other columns of this issue.

The paving committee recommended the acceptance of the paving of west Wayne street from Charles to Jameson avenue and its High street im-
